### **TASHKENT**

Tashkent is the capital city of Uzbekistan. It's known for its many museums and its mix of modern and Soviet-era architecture. The Amir Timur Museum houses manuscripts, weapons and other relics from the Timurid dynasty. Nearby, the huge State Museum of History of Uzbekistan has centuries-old Buddhist artifacts. The city's skyline is distinguished by Tashkent Tower, which offers city views from its observation deck. Sprawling Tashkent (Toshkent) is Central Asia's hub and the place where everything in Uzbekistan happens. It's one part newly built national capital, thick with the institutions of power, and one part leafy Soviet city, and yet another part sleepy Uzbek town, where traditionally clad farmers cart their wares through a maze of mud-walled houses to the grinding crowds of the bazaar. Tashkent is a fascinating jumble of contradictions that's well worth exploring over several days.
